Job Title: UI/UX Designer

About the role
We are a travel app team looking for a designer to shape our mobile product. You will run user research, turn findings into wireframes and prototypes, and work closely with developers. User research and prototypes guide every decision we make.

Requirements:
- 2+ years of experience in product design
- Expert in Figma
- Strong UX design and UI design skills
- Communication and teamwork

Nice to have:
- Adobe Photoshop or Adobe Illustrator
- HTML and CSS
