Meher Joshi

UI/UX Designer

Mumbai, India | meher.joshi@example.com | meherjoshi.example.com

ABOUT ME

Product designer with 3 years of experience designing mobile and web apps. I run user research, turn findings into wireframes and prototypes in Figma, and work side by side with developers until the design ships.

SKILLS

Design: UX design, UI design, wireframes, prototypes, design systems
Research: User research, usability testing, interviews, journey maps
Tools: Figma, Adobe Illustrator, Adobe Photoshop, Miro
Also: HTML, CSS, teamwork, communication

EXPERIENCE

UI/UX Designer, Wanderly Travel App Feb 2023 - Present

Mumbai

- Redesigned hotel booking after 18 user interviews; bookings completed on mobile rose by 22%.
- Built a Figma design system with 120 components used by 3 product teams.
- Ran monthly usability tests and shared clear findings with developers and product managers.

Junior Product Designer, Pixelnest Studio Jun 2021 - Jan 2023

Pune

- Designed screens for 7 client apps from wireframes to final UI.
- Created marketing visuals in Adobe Illustrator and Photoshop.

PROJECTS

Accessible bus timetable, Case study 2024

- Prototype tested with 10 older users; task time fell from 90 to 35 seconds.

EDUCATION

B.Des. Interaction Design, Western Institute of Design 2017 - 2021
