PROFESSIONAL EXPERIENCE

Data Analyst, Kestrel Retail Pvt. Ltd. Jun 2023 - Present

Pune

- Built 14 Power BI dashboards for regional sales heads, replacing a weekly Excel pack and saving about 6 hours of manual work each week.
- Wrote SQL on a 40 million row PostgreSQL warehouse to track store performance, returns and stock-outs.
- Automated the monthly churn report in Python and Pandas, cutting its turnaround from 3 days to 4 hours.
- Ran A/B tests on 3 loyalty offers with the marketing team; the winning offer lifted repeat purchases by 8%.

Junior Data Analyst, Brightline Insights Jul 2022 - May 2023

Mumbai

- Cleaned and merged survey data from 12,000 respondents using Pandas.
- Created Tableau reports for 5 client accounts and presented results in fortnightly review calls.
- Documented 20+ standard SQL queries so new analysts could reuse them.

PROJECTS

Customer Segmentation, Personal project 2024

- Grouped 50,000 online shoppers into 5 segments with k-means clustering and explained each segment in a short Tableau story.
