Rohit Kulkarni

Frontend Developer

Bengaluru, India | rohit.k@example.com | +91 90000 10002 | rohitk.example.dev

SUMMARY

Frontend developer with 4 years of experience building fast, accessible web applications in React and TypeScript. Works closely with designers and backend teams on REST API and GraphQL integrations, and cares about performance, testing and clean, reusable components.

SKILLS

Frontend: React, TypeScript, JavaScript, HTML, CSS, Redux, Tailwind
Backend and APIs: Node.js, Express, REST API, GraphQL
Testing and tools: Jest, React Testing Library, Git, GitHub, Docker
Ways of working: Agile, Scrum, code reviews

WORK EXPERIENCE

Frontend Developer, Cartwheel Commerce Mar 2022 - Present

Bengaluru

- Rebuilt the checkout in React and TypeScript for 300,000 monthly shoppers, raising completed orders by 11%.
- Moved product pages to a GraphQL API, reducing data loaded per page by 45%.
- Cut the main bundle size from 1.8 MB to 700 KB with code splitting and lazy loading.
- Raised unit test coverage from 35% to 80% with Jest and React Testing Library.
- Mentored 2 junior developers through weekly pairing and code reviews.

Web Developer, Lumen Digital Agency Jul 2020 - Feb 2022

Pune

- Delivered 15 responsive client websites in HTML, CSS and JavaScript.
- Built a Node.js and Express REST API for a restaurant booking site handling 2,000 bookings a month.
- Fixed accessibility issues to meet WCAG 2.1 AA on 6 public sites.

PROJECTS

Open-source date picker, React component library 2023

- Keyboard-accessible date picker downloaded about 1,200 times a week.

EDUCATION

B.E. Computer Engineering, Sahyadri Institute of Technology 2016 - 2020
